1. General Fund and Highway Fund

The town budget consists of a General Fund and Highway Fund. Each of those funds is taxed separately and appears on your tax bill as two separate lines.

Additionally each of those funds must each be split into:

- Town-wide (which includes the village of Wurtsboro and the village of Bloomingburg) and
- Town Outside of Village (TOV), which is any monies collected and spent which does not include the villages. Those TOV funds are for services the village provides its residents like Vital Statistics record-keeping (birth and death records).

2. District pass-through accounts

Pass-through accounts appear on the town budget for those monies collected separately in taxes but passed through to the financial bodies that handle the expenses for that account. Examples include Fire Districts and the Library District. Each district consists of geographical boundaries and only the people who live within those districts pay taxes into those accounts. The Town collects the taxes for properties in those districts that are within the town and then provides the district board the money in one lump sum at the beginning of the year.

3. Special Districts

There are also special districts, which in the Town of Mamakating consist of the following:

- Wurtsboro Hills Refuse & Garbage District
- Summitville Lighting District
- Phillipsport Lighting District
- Westbrookville Fire Co. Fire Protection District

These districts are taxed for the people that live within them, but the Town Board manages the funds, and spends the money for these districts.

4. Where does the money come from?

All money that the Town takes in is called Revenue. The majority of the town’s revenue comes from property taxes, but additionally there are other monies collected by the town to fund the Town’s expenses. This chart shows where the Town’s revenue comes from, excluding the pass-through district funds.

Source: 2014 Adopted Budget

5. Where does the money go?

The Town must adopt a balanced budget so all the money collected is only what is projected to be spent. Of course a budget is only a prediction. We estimate what fees we will collect and we estimate what we will need to spend. The only amounts we can rely on are the taxes because they are raised based on assessed property values and guaranteed by the county.

Remember that Town General Fund and Highway Fund are collected separately and must be kept separate and spent separately with some exceptions provided by law.

The Town General Fund can be considered the money that runs the town hall and the services that the town hall provides. The General Fund is used for everything the Town

needs to spend money on which is not covered by the Highway Fund. There are town employees and elected officials who are paid as employees, as well as contracted professionals such as the engineer, attorney, and accountant. There are also equipment and other expenses, which are called “contractual” even when a formal contract does not exist. For example the phone bills are considered “contractual”.

In the following chart, the predicted Town-wide expenses are shown:

This is the chart of the predicted Town Outside-of-village expenses:

Some of the revenue and expenses should be a wash, for example the planning and zoning engineer and attorney fees are billed to the applicants so even though we record the collected fees as revenue and record the billed fees as expenses, those should cancel each other out. Likewise the building department should either break even or be a revenue stream.

The Town Highway Funds are the monies that run the Highway Department, including the employees, cost of maintaining the equipment, and the maintenance of the roads of Mamakating. Much of the contractual amount is for materials used for road maintenance, including paving materials and salt and sand used in the winter.

Here is the Highway Town-wide fund expenses:

Here is the Highway Outside-of-Village fund expenses:

CHIPS is the New York State Consolidated Local Street and Highway Improvement Program. Annually, after the State Budget has been enacted, NYSDOT calculates each municipality's final CHIPS Capital apportionment for the new State fiscal year (April 1-March 31). The municipality is then notified of the amount available via the letter for the scheduled June payment and a posting to the Capital Apportionment Balances link on the CHIPS Web site.

6. Account Codes

New York State (Office of the State Comptroller) has set up a standard account coding system that all municipalities are to follow. The coding system follows the following pattern:

“A9999.9”

Where:

- “A” categorizes the account into one of the following:

A: General – Townwide
B: General – Outside of Village
DA: Highway – Townwide
DB: Highway – Outside of Village
L: Library
S: Special Districts
 SR: Refuse Collection District
 SL: Lighting District
 SF: Fire Protection District

Other fund categories exist, however the Town of Mamakating does not have a need for all of them, such as Water and Sewer district designations.

- “99999” categorizes the account number such as:

1010.1 Legislative Board, Personal Services
1010.2 Legislative Board, Equipment & Capital Outlay
1010.4 Legislative Board, Contractual Expenses
1110.1 Municipal Court, Personal Services
1110.2 Municipal Court, Equipment & Capital Outlay
1110.4 Municipal Court, Contractual Expenses

There are Revenue and Expense accounts. Revenue account codes are 4 digits, and expense account codes are 5 digits. Revenue codes are arranged by revenue source, for example the range of 1000-2999 is used for local sources. Expenditure codes are arranged by functional unit for the first 4 digits and the last digit identifies the object of the expenditure.

The table of all account codes is available from the NYS Comptrollers Office website. For the General Fund Town-wide (“A” accounts) alone, there are 225 Revenue codes and 761 Expense codes available for use. The town uses 24 of those revenue account codes and 85 of those expense account codes.

7. Town taxes

Most taxpayers would be surprised to learn that the taxes they pay to the town is a very small percentage of the total taxes you pay as a property owner. About 60% of the taxes a property owner pays are the School Taxes, although that will vary slightly from school district to school district. The remaining 40% is for State, County and Town, including the pass-through districts such as Fire and Library and if you live in one of the special districts mentioned previously, you will see that on your tax bill as well. Of the tax bill that you will receive in January, less than 1% of your total annual tax bill is for the Town General Fund and approximately 2% of your total taxes are for the Town Highway Fund. A sample property outside the villages of Wurtsboro and Bloomingburg, valued at \$100,000, will pay a Town General Fund tax of approximately \$30 and a Town Highway tax of approximately \$60.

Sample Town-Outside-Village Tax percentages

Delinquent property taxes due to the town are covered by the County, which is why when property taxes are unpaid eventually the County attempts to recover that money through a tax sale.

8. General Fund Town-wide Fees collected

8.1 Payments in Lieu of Taxes (A1081)

These are payments made to the Town by commercial property owners, who have negotiated either with the town or with the Sullivan County IDA to make payments usually on a progressive scale that would be less than the taxes on their fully assessed property. This is usually done to encourage commercial property owners to provide economic growth to the community, which should offset the loss in taxes. These records are maintained by the Town Assessor.

8.2 Interest and Penalties (A1090)

Interest and Penalties on anything the town collects, e.g. Property Taxes paid late.

8.3 Franchise Fees (A1170)

Time Warner Cable is the only franchise we currently collect money from.

8.4 Clerk Fees (A1255)

The Town Clerk collects fees for marriage licenses, cat spay/neuter program, and copies of official records such as death and marriage certificates.
